

**Model 20 HT/GT Mixer**

With a high efficiency gearbox in right angle and parallel shaft configurations, modular design and a wide range of speeds, these agitators provide outstanding application versatility.

**MR Mixer**

Metric unit that combines quality, durability, and economy to supply unbeatable value in mixing equipment for the chemical, water and general processing industries.

**HT Mixer**

Known for its reliability and flexibility, the HT can be used for any top entry application, simple or complex, up to 1000 HP. We have over 75,000 in service today.

**HTM Mixer**

Available for extremely large applications in a right angle or parallel drive with all the same options as the HT.

**HS and SB Mixers**

Side entry agitator consisting of gear-driven (HS) and belt-driven (SB) agitators which provide an alternative to top entering selections for large volume vessels especially in storage tank applications such as oil and gas, chemicals, and edible oils.

**BT Mixer**

Biopharma mixer used in any sanitary application. We offer an extensive submittal package to meet the latest FDA requirements.

**XP Mixer**

Portable mixer that is available in a bung or clamp mounting arrangement. Most standard designs can be shipped within 48 hours.

**DT Mixer**

Small mixer that has many sealing, drive, and wetted parts options and provides long term, trouble free service. These units are also readily available with right angle or parallel drives.

**QC Tote Mixer**

Tote mixer with a quick connect drive that can be modified to fit any tote.
